

# HOW TO USE A CLAY STAMP GIFT CERTIFICATE @ WWW.4CLAY.COM

Gift Certificates are pre-paid coupons that can be given to friends, family, or yourself! We offer several face values that can be purchased on our website at the following web address: [www.4clay.com/gift.htm](http://www.4clay.com/gift.htm)

To order stock or custom stamps using a gift certificate, simply include the certificate with your order form (it works like a check). You can either send a paper copy or a digital image of the gift certificate depending how you are sending artwork for your stamp. Each gift certificate has a unique serial number, this number is all that is required to redeem the certificate. Each gift certificate can only be used once. The certificate can be combined with a check or other payment if your order is more than the face value of the gift certificate.

There are no limitations on what can be purchased from the [www.4clay.com](http://www.4clay.com) website using this certificate. Be sure to use the gift certificate before the expire date, which should be over 1 year in the future.

If your order is less than the face value of the gift certificate, we will include a new certificate for the remaining balance along with your stamps. If you have questions please email us at [tools@4clay.com](mailto:tools@4clay.com) for more information.
